Science meets fun at pediatric meeting

The annual session of the American Academy of Pediatric Dentistry this year is in the academy’s hometown, Chicago, from May 23–26. The meeting’s host site is the landmark Chicago Hilton on South Michigan Avenue, just across the street from Grant Park’s 6th Street Fountain and Formal Gardens and a short stroll from the iconic Buckingham Fountain. Twelve blocks north is the city’s internationally known shopping destination, the Magnificent Mile. The Sunstar Welcome Reception will be held at the Museum of Science and Industry, in Chicago’s historic Hyde Park neighborhood. Attendees will be able to meet with new and old friends and colleagues against the backdrop of an endlessly fascinating and interactive experience. Among the museum’s most famed highights are opportunities to explore a fully size replica coal mine, walk through a German U-505 submarine captured during World War II. The overall lecture schedule at AACD is designed to optimize the amount of time attendees have with these and other noted educators. There are additional anchor courses on Wednesday: “Generational Diversity Adaptation,” “The Value of a Cosmetic Practice” and “Prelude to a Transition: What Buyers and Sellers Should Consider Before Transitioning.” The number of sponsored lectures has been reduced based on attendee feedback. Also, the Member Pearl lectures are being increased and are moved from the exhibit hall to an online forum, the AADC Virtual Campus. The exhibit hall is going to feature some new experiences, which will complement the high-value educational being provided in the lecture and workshop rooms. As always at the AADC annual scientific session, all lectures and hands-on workshops are part of attendees’ all-inclusive tuition. You can access all of the details and register online at www.aacdconference.com.

The mission of the Ordre des Dentistes du Québec, representing approximately 5,300 dentists, is to ensure the quality of dental services through high standards of practice and ethics and to promote oral health among the people of Quebec. The C.E. courses feature theoretical and practical training presented by renowned speakers from Canada and around the world. The courses and workshops focus on topics related to dental practice, as well as the technical and scientific advancements that influence the current and future practice of dentistry. The meeting’s two-day exhibit hall will be on Monday and Tuesday, May 27-28.

The 49th International Dental Days of Quebec (IDIQ), the annual conference of the Ordre des Dentistes du Quebec, will be held from May 25–28 (Saturday through Tuesday) at the Montreal Convention Center (the Palais des Congres de Montreal) in Montreal, Quebec, right near the heart of the old-world charm of historic Old Montreal. The C.E. and exhibition event is the annual meeting place for Quebec dentists and dental team members, while also attracting attendees from across the world. With more than 12,000 participants, it is considered the largest dental conference in Canada.
