Golden Gate Bridge
Crossing the Strait of the Golden Gate from San Francisco to the Marin headlands for 1.7 miles is the world-renowned Golden Gate Bridge, easily identified the world over by its orange color.

Opened in 1937, the bridge was built at a cost of $35 million in principal and $30 million in interest and 11 workers’ lives. The single-suspension span is anchored by twin towers that reach skyward 746 feet, and was once taller than any building in San Francisco.

To support the suspended roadway, two cables, each more than 7,000 feet in length and both containing 80,000 miles of wire, stretch over the top of the towers and are rooted in concrete anchorages on shore. More than 10 years in planning due to formidable opposition, but only four years in actual construction, the Golden Gate Bridge brought the communities of San Francisco and Marin counties closer together.

Pedestrians — including wheelchair users and bicyclists — can go on the sidewalks of the bridge during daylight hours, but roller blades, skateboards and roller skates are not permitted. There are vista points on both north and south sides of the bridge with parking lots.

Alcatraz
Alcatraz and history go hand in hand. Once home to some of America’s most notorious criminals, the federal penitentiary that operated here from 1934 to 1963 brought a dark mystique to the Rock. The presence of infamous inmates, such as Al “Scarface” Capone and the “Birdman” Robert Stroud, helped to establish the island’s notoriety. To this day, Alcatraz is best known as one of the world’s most legendary prisons.

Many people, though, are unaware of the wealth of other stories to be learned on the island. Alcatraz is now home to rare flowers and plants, marine wildlife and thousands of roosting and nesting seabirds. Civil War-era buildings dotting the island give insight into the 19th century, when the island served as both a harbor defense fort and a military prison.

You can also see visible reminders of the American Indian Occupation that started in 1869 after the prison closed, highlighting an important milestone in the American Indian rights movement.

Fisherman’s Wharf
As San Francisco’s No. 1 visitor destination, Fisherman’s Wharf has a lot to offer out-of-towners and local Bay Area residents alike. The tangy salt air and fabulous views are just the beginning.

You’ll find the city’s freshest seafood at the wharf’s world-class restaurants. Cruises and tours also begin here.
