At AGD 2015, from June 18–21 in San Francisco, the Academy of General Dentistry (AGD) intends to not just embrace “constant change,” but celebrate it. The meeting, at the Moscone West Convention Center in San Francisco, will showcase new technologies and C.E. courses for dentists and staff.

Keynote speaker Terry Jones, founder of Travelocity.com and Kayak.com and executive chairman of Wayblazer, will share insight on creating a culture of innovation and embracing opportunities in today’s age of information. The presentation is sponsored by Colgate.

Innovation in the exhibit hall includes “Modern Practice for Today’s Patients” presented by Henry Schein Inc. The display invites attendees to imagine the possibilities of a technologically enhanced office space. Visitors will be able to try out cutting-edge equipment, use patient management software and see esthetic options for transforming a practice space.

Clinical and research e-poster presentations feature captivating digital displays by today’s dental students and residents presenting ideas for shaping the dental landscape of tomorrow.

New C.E. tracks will enable dental team members to focus on specific subject areas, such as endodontics, implants and special-patient care. Also new will be a 90-minute live-patient dental implant course hosted by Engel Institute founder Todd B. Engel, DDS, and fundamental and intermediate Invisalign® courses for dentists and their teams.

Friends and family can attend the “President’s Celebration to Honor Fellows and Masters for dining and live music and the AGD Foundation’s “5K Fun Run/Walk” for oral cancer awareness and research.
